Super Girl Within

CONFERENCE

PRESENTED BY THE BE YOUR OWN BEST FRIEND NETWORK

ABOUT

Be Your Own Best Friend (BYOBF) Network is North America's first professional networking group for South Asian Women.

The BYOBF Network was founded by Manpreet Dhillon and Sukhi Ghuman in Metro Vancouver in March 2012. Both Dhillon and Ghuman saw a need to create a networking group that not only provides women with an opportunity to network in a safe and fun environment, but also celebrates the successes of South Asian women.

byobf

BE YOUR OWN BEST FRIEND

After focusing on South Asian women for four years, the BYOBF Network has seen a need to empower female youth today.

THE FIRST SUPER GIRL WITHIN CONFERENCE

The Super Girl Within Conference, is a one-day conference dedicated to 120 girls from the L.A. Mathewson Secondary School in Surrey. The conference will empower teenage girls to explore their identity, create a stronger sense of self and form networks within their community. This is an opportunity for these girls to explore who they are and imagine who they may want to be in a safe environment.

EVENT DETAILS

Date: Wednesday, February 8, 2017

Location: Surrey, BC, L.A. Matheson Secondary School

THE SUPER GIRL WITHIN CONFERENCE:

- Reduces the risk of violence and bullying by building self esteem
- Offers fun and safe learning environments
- Offers girls the opportunity to enter into leadership roles
- Is offered at no cost to the participants so it is accessible to all the girls within Grade 9 at L.A. Matheson Secondary School
- Provides tools and action plans for the girls to develop a greater sense of identity

SUPPORT SUPER GIRL WITHIN CONFERENCE

This conference is only possible through community sponsors and partnerships. Supporting the Super Girl Within Conference shows that as an organization or individual, you support empowering programming for young girls.

The Surrey School District recognizes the importance of the Super Girl Within Conference as an opportunity to empower and address issues affecting girls and young women by developing programming to support and empower them.
